Data cleaning Review

Name	Reviewer	Cleaning done	Review
William Okomba	Ece Kurnaz		
	Collin Mburugu	Dropped duplicate values Categorical columns with null values were replaced with the mode Chose to work with outliers	Good job done
	Udbhav Balaji		
Ece Kurnaz	William Okomba	dropped null values and using interquartile to impute outliers	great work done
	Collin Mburugu	Used the interquartile range to detect the outliers.	Good way to detect outliers
	Udbhav Balaji		
Collin Mburugu	Ece Kurnaz		
	William Okomba	1. Null values were replaced with the variable mode for categorical variables. 2. used median to impute outliers 3. Duplicates were dropped.	This is one of the best ways to deal with null values. wonderful job. you showed different ways of imputing outliers. keep it up.
